

# What's ahead

# for pumped hydro?

## Community drop-in sessions

### You're invited!

Lake Cethana, Lake Rowallan and Tribute pumped hydro opportunities are moving to the next stage of assessment. We're progressing our feasibility study, to take a closer look at their potential and decide on the site that could be developed.

We'll be in your community in November. Come along to our drop-in session to meet the project team, ask questions and find out more information. There are no formal presentations, so drop-in at a time convenient for you.
